HOW TO USE YOUR PLANNER

A few tips to get the most out of your weekly reset.

PRINT IT

- Print on standard 20lb or 24lb paper (24lb recommended for writing quality)
- Select "Actual Size" or "Fit to Page" in your printer settings
- Enable "Background Graphics" to print colors and shading
- Set margins to "None" for best results
- Use a hole punch to add pages to a binder, or staple into a booklet

USE IT DIGITALLY

- Import the PDF into your favorite tablet app for handwriting
- Works beautifully with GoodNotes, Notability, and Noteshef
- Use the Table of Contents to jump between pages (hyperlinked)
- Annotate with the Apple Pencil, Samsung S Pen, or any stylus
- Duplicate pages weekly for reuse without reprinting

TIPS FOR YOUR BEST WEEK

- Set aside 15-20 minutes on Sunday evening for your weekly reset
- Start with the Brain Detox page to clear your head before planning
- Fill in your Non-Negotiables first — everything else flows from there
- Don't try to fill every line. White space is breathing room
- Use the Bonus Stickers page to mark priorities or reward completed tasks
- End the week with the Reflection page to celebrate wins (big and small)

This planner is yours. There are no rules — only what works for you.
